To the Council,

It is with respect and much anticipation I present to the Council the all-new 40-hour Omaha Police Department FIC – Firearms Instructor Certification curriculum. This has been months in development and represents our very best attempt to create a methodology which will not only meet minimum requirements set forth in administrative law, but in fact exceed those minimums.

As a former graduate of the Training Center (97th Basic), I truly appreciate all the NLETC does in support of the Omaha Police Academy. I would like to give special thanks to Deputy Director Urbanek, Instructor Hayes and Instructor Stephenson for their valuable insight and direction on our project.

We look forward to presenting to Council next week and fielding any questions you may have.
